JOHN GORDON IS KILLED BY TRAIN

Returning From School House Where
He Had Taken Children, Is
Struck By Freight at Gings

IS BROUGHT TO THIS CITY

Widow, Four Children, One Brother
And Sister Survive Mr. Gordon
—Funeral on Saturday

John Gordon was killed instantly this morning when a southbound Pennsylvania freight train struck the closed buggy in which he was driving through Gings station, shattering the buggy to bits and carrying Mr. Gordon for a distance of 300 feet on the front of the engine before the engineer could stop the train. Mr. Gordon's head was badly crushed, but he sustained no injuries on his body. The accident occurred about eight o'clock this morning.

Returning from the school house north of Gings where Mr. Gordon was in the habit of taking his son, Clyde and Ruth and Mildred Billings to school, he had reached the corner in Gings where a view of the approaching train was hid by a store on the east side of the road. There is a slight jog in the road there, making it impossible to see down the track and being in a closed buggy, it was evidently impossible for Mr. Gordon to hear the freight train. As he turned to go west, for it is thought his intention was to go to the blacksmith shop, the train hit the buggy. The horse ran off and was uninjured, but the buggy was torn to bits.

As soon as the train could be stopped, the dying man was taken inside and brought to this city. The train was held here until Coroner Green made his report.

It will be remembered that Mr. Gordon was the victim of a serious accident about two years ago when he fell from a silo 32 feet high. He but had recovered from his injuries lately.

Mr. Gordon was a well known man in the county. He was a member of the Plum Creek Christian church and lived on a farm near Gings. Mr. Gordon leaves a wife, two sons, Elbert and Clyde Gordon, two daughters, Mrs. Homer Hall and Mrs. Luther Nixon, one brother, Will Gordon of Yorktown, and one sister, Miss Mary Gordon of this city.

The funeral services will be held on Saturday afternoon at the Raleigh Christian church at one o'clock with burial in the Raleigh cemetery. They will probably be conducted by the Rev. L. E. Murray of Richmond.

NO STUDENTS IN ONE GERMAN CLASS

Language as High School Study is
Apparently on Its Last Legs—
Classes Reduced

MUCH SENTIMENT AGAINST IT

The German language as a high school study here, is on its last legs. During the spring semester of last year the size of the class was much smaller than formerly and with the size of the classes this year so greatly decreased, there will be no B 1 German class when the new semester opens next month.

Those who have already begun the study will be allowed to pursue the language until they complete their course for no other purpose, however, than to receive their credits.

This move is taken because of the widespread sentiment among pupils and patrons against teaching an alien enemy language in the public schools. Miss Mary Williams teaches the students now engaged in the study of the German language.

They were represented in court by John A. Titworth.

AIRSHIP GOES OVER ORANGE TOWNSHIP

Purr of Motor Distinctly Heard by
Residents of That Community
Wednesday Night

SECOND ONE IN THREE WEEKS

An aeroplane passed over Orange township last night shortly after seven o'clock, traveling in a north-western path. Although the machine was flying at a high altitude the noise of the engine could be plainly heard and the lights attached to it made it distinctly visible to the residents of that vicinity who had been attracted by the purr of the motor.

This is the second machine which has passed over Orange township within the past three weeks and it is believed that the machines were en route from the Dayton training field to the training school at Rantoul, Illinois, but had turned slightly out of the path.

ORCHESTRA MAKES FIRST APPEARANCE

High School Musical Organization,
Under Direction of C. E. Parke,
Plays This Morning

TO APPEAR AT PUBLIC AFFAIRS

The high school orchestra made its first public appearance this morning when under the leadership of C. E. Parke, musical instructor, a program was given before the high school.

The newly organized orchestra is composed of thirteen high school students and during the recent weeks have worked together with such diligence that they have succeeded in completing a musical organization of which the school is justly proud. During the remainder of the school year the orchestra will furnish the music at all of the school events and is also practicing on musical programs to be given at other public affairs.

The program given this morning before the high school was composed of selections from the opera, "Oh Boy," after which the "National Emblem," was played as a closing number. The members of the orchestra are: first violins, Janet Deane, Mary Louise Wyatt, Lois Reeve; mandolins, Florence Fleehart and Frances Bowen; second violin, Mae Taylor, Richard Noyer and Murl Mills; clarinet, James Caldwell; first cornet, George Liddle; second cornet, Robert Noyer; drums, Cyril Arbuckle; piano, Marjorie Thomas.

Golda Carr and Wilbur G. Smith, doing business under the firm name of Carr and Smith, have filed suit in circuit court against Jesse Holliday for \$100 to foreclose a garage lien. Jerome Caron, son of Mr. and Mrs. Charles Caron who enlisted in the flying section of the signal corps and was stationed at Fort Thomas, Ky., and later moved to Camp Taylor, Ky., has been transferred to Camp Hancock at Augusta, Georgia.

SECRETARY OF WAR REPLIES TO CRITICS

Baker Says No Army of Similar
Size Has Been Raised so Quick-
ly in World's History

BEFORE SENATE PROBES

Declares it Was Better to Take Time
and Get The Best
Rifle

(By United Press.)

Washington, Jan. 10.—"No army of similar size in the history of the world has ever been raised, equipped or trained so quickly as the present American army," Secretary of War Baker today told senate military probes investigating his department.

Pointing to the fact that in nine months all branches of the army have grown from 9,562 officers to 110,856 officers and from 202,510 men to 1,428,650 men, he answered his critics with a broad outline of work accomplished, a work which he held showed "the splendid effectiveness of the American people."

These accomplishments, he said, are such as to depress German morale. "When the Germans realize that the American democracy has neither blundered nor hesitated, but has placed the full powers of its men and resources into completely organized strength against their military machine."

Answering criticism of his department Baker concentrated the position of the United States after war was declared with that of England.

"Remember that 8 months after the war broke out Kitchener's army was still drilling with walking sticks," he said. He declared that considering the magnitude of America's problem and her lack of preparedness program the war department accomplishment should be looked on with pride, not condemnation.

Chamberlain began questioning Baker about the methods of the ordnance department when the war Secretary had completed his statements.

In defending the ordnance department from charges that unnecessary delay was caused in making changes in the rifles, Baker stated that it was better "to take our time and get the best."

"The war was three thousand miles from our shores," said Baker. He stated that in Europe the enemy was at their door and they did not have time to devise a better rifle.

LEGAL BOARD TO FINISH ITS WORK

All But Approximately 200 Ques-

MEDICAL BOARD REPORTS

Places Two Men in Class One, Holds
Four For Limited Service and
Rejects Five

The names of registrants classified by the local board yesterday and those called for examination next Wednesday, Jan. 16 will be found on page four of today's issue.

All but approximately two hundred of the questionnaires had been returned filled out to the county army selection board this morning and indications were that the request of the legal advisory board that they all be turned in this week will be met. The advisory board and associate members, which is composed for the most part of attorneys is anxious to complete its part of the work this week so that court may be resumed next Monday. There has been practically nothing done in court since December 17. Questionnaires have been returned lately at the rate of 70 a day.

The army selection board today notified twenty more registrants to appear for medical examination next Wednesday. Twenty have already been ordered for Tuesday. Horace Jones, who failed to appear for examination Tuesday as ordered, arrived here today and notified the board. He was to be examined this afternoon. The physical examination of Sam Yankuner was transferred to the Jennings county, Ind., board.

All registrants thus far given the medical examination have been definitely classified, since the medical advisory board, to which several cases were appealed or sent, made a report yesterday evening. The advisory board rejected five, passed two and held four for limited service. Definite rulings were made on the two whose status was undetermined yesterday, one being rejected and the other passed.

Three of the four held for limited service were placed in this division because of physical unfitness for full military service. Dr. W. S. Coleman, physician member of the army selection board, was upheld in all three cases. The fourth man in this class—Harold E. Ratliff—claimed this class because of belonging to a religious organization opposed to war.

PICHON TO OUTLINE FRANCE'S WAR AIMS

Minister of Foreign Affairs Will
State Only Terms of Peace
She Will Consider

TRIBUTE IS PAID TO WILSON

(By United Press.)

Paris, Jan. 10.—Minister of foreign affairs Pichon this afternoon or tomorrow will speak in the chamber of deputies outlining France's war aims, according to information today.

It was stated that the foreign ministers would tell the aims France has in continuing the war and the only terms of peace she will consider.

At the opening of the session of the chamber of deputies today, deputy Desbanel speaking, said in the name of the deputies that the chamber would support the restitution of Alsace-Lorraine and sustain the armies in the field to the end.

Amid a storm of applause he paid tribute to President Wilson's speech.

RUSSIA AND BULGARIA IN SEPARATE PEACE

Announcement is Contained in Quo-
tations From Bulgarian Pre-
mier's Speech

URKANIA AND RUSSIA JOIN

Berne, Jan. 10.—Dispatches declared today that a separate peace between Russia and Bulgaria had been signed.

The announcement was contained in a quotation from a speech delivered by the Bulgarian premier. He read a telegram from Brest-Litovsk declaring: "The war between Russia and Bulgaria ceases. Economic relations will be resumed."

Petrograd, Jan. 10.—Ukrania and Russia have joined hands in the peace negotiations with Germany.

Dispatches from Brest-Litovsk today expressed firm conviction that with a united front showed by all Russian delegates the Russian plan for transfer of peace negotiations to neutral soil would be forced on the Germans.

Telegrams reported indication of satisfactory conclusion being reached as to transfers of the peace negotiations.

Rome, Jan. 10.—President Wilson's war aims, if enforced literally will mean indefinite prolongation of the war, instead of early peace according to interpretation of vatican officials it was learned through official sources today. They feel that the program enunciated by the president is one which the allies know Germany cannot and will not accept.

A marriage license has been issued to Miss Leland McCarty daughter of Mr. and Mrs. Ithamer McCarty of this county, and Chester N. Stevens of this county, son of Mr. and Mrs. Len Stevens of Newcastle.

RED CROSS IN SECOND PLACE

Report at Meeting of Executive
Committee Discloses Only Put-
nam Defeated Rush

IN THE MEMBERSHIP DRIVE

Encouraging Reports Are Made,
Showing Immense Amount of
Work Accomplished Here

The standing of the Rush county chapter of Red Cross was evidenced at the meeting of the executive committee of the chapter held at the headquarters last evening by the announcement of the fact that Rush county stands second in the state in membership since the recent membership drive and by the very encouraging reports given by the heads of the departments as to the amount of work that had been accomplished in the making of hospital supplies, surgical dressings, knitted goods, and by the financial report.

The only county standing above Rush county in percentage of members to population is Putnam county and Huntington county is third. For a time it was feared that Huntington would stand above Rush county but the statistics as to the result of the drive showed the local chapter to have the honor of being second. Some individual chapters, such as Rosedale, may have a better record for one town alone than does Rushville, but standing as a county, no county in the state with the exception of Putnam can boast of such a membership per capita as does Rush county.

The memberships to be given to the school children of the city for which \$350 was raised during the membership drive, were discussed at last night's meeting. Lists have been handed in from the schools giving the names of children that might be worthy to be given a Red Cross membership and a committee composed of George C. Wyatt, Miss Anna Bohannon and Miss Henrietta Coleman was appointed to complete the school membership work.

Yarn in the future will be given out by Red Cross for socks only. It was decided at the meeting last evening that socks would be the most practical of the knitted articles now, because by the time the yarn was procured, was knitted into sweaters, scarfs and wristlets and shipped to France, the warmer weather would have arrived. A shipment of yarn will be distributed in the near future and further announcement will be made later as to the time it will be given out to the knitters.

The idea of a night bandage class for Red Cross has been warmly received, for last night 38 women attended the first meeting of the class the court house and 275 compresses were completely finished ready for shipment. The class was composed of women and girls who work in the day time. Many school teachers are in the class. If the class continues to be so well attended and more join, another one will be started for some other night during the week to accommodate the members. At present, however, the class will meet on every Wednesday evening beginning at 7 o'clock, in the court house. The work is urgent, bandages are badly needed and women and girls who can not attend during the day time are urged to co-operate in making this new branch of Red Cross a success.

DON'T SUFFER WITH NEURALGIA
Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

The War Comes First

The demand of the day is that every American citizen and every American institution shall co-operate in the one great task of winning the war. Next to placing trained and equipped men on the firing line, our greatest need is service in productive industry. That is the end which every person knows to be desirable, but there is a difference of opinion as to the means by which this end shall be accomplished. Most enterprises and most individuals have subordinated everything else to war needs. One exception to this rule is the national head of our educational system. The Commissioner of Education asserts that maintenance of school attendance is of great importance. In this he is wrong. It has also been suggested that in order to save coal, the schools be dismissed during one or two months of the winter and continued a corresponding time in the summer, when there will be great need of help of young people in planting, cultivating and harvesting the crops. One cannot help but admire the enthusiasm with which the educational leaders regard the work in which they are engaged, but they must get into harmony with the prevailing sentiment of the country, that all else must be subordinated to the winning of the war. Let us close the schools, or graduate classes early, or take any other step dictated by the needs of each community. Speed the war.

Ex-Czar Nicholas is said to have escaped from Siberia. Interesting developments are possible should he decide to make an effort to regain his lost crown.

A "war comet" is coming this way at the rate of 1,134,246 miles a day. At that it can't equal the speed with which autoera is rushing to its doom.

A Russian writer claims his people are the most civilized on earth. The manufacturers of safety razors can disprove his claim.

The food hog has given place to the food hoarder. Dig him out and pen him.

HE CURED CHRONIC COLD WITH VINOL

Mr. Bagley's Letter Printed Here as Proof

Dunn, N. C.—"I suffered with a chronic cold for four months, coughed day and night. Had to keep on working when I was not able to. I saw Vinol advertised and tried it, and I want to tell you it just cured that cold in a short time."—J. C. Bagley, Dunn, N. C.

That's because Vinol is a constitutional cod liver and iron remedy which aids digestion, enriches the blood and creates strength. Then chronic coughs and colds naturally disappear. Your money will be returned if it does not help you.

Woman Does Her Own Work Now

Doesn't Need Help Since Tanlac Built Up Her Run Down System.

"My system was run down and I felt so weak that I had to have help to do my housework but since I've been taking Tanlac I've got back my strength and can do all my housework myself," said Mrs. Pearl Hammock, 1616 Halford street, Anderson, Ind.

"I often had nervous chills. My heart would beat violently and I'd have to be quiet for a long time. I couldn't sleep soundly at night and lots of times I got out of bed and sat in a chair for a while.

"My stomach was out of order, too, and my appetite was poor.

"I read a lot about Tanlac and finally tried it. It just seemed to build me right up. I got my appetite in just a short time, and it wasn't long until those chills I had had disappeared.

"I'm strong enough to do all my housework and I don't have to keep help and I give Tanlac credit of it all."

If you are not feeling right take Tanlac and get your system back in shape. Tanlac will improve your health as it has done for thousands of other run down men and women. You can get Tanlac at F. E. Wolcott's drug store or any other good drug store.—Adv.

Perhaps you don't know that your horse is losing a large per cent of his power through poor harness. It's a fact though. We have employed BOB WILLIAMSON, who is an expert harness man in every respect and can take care of any kind of repairing on your harness that is necessary. Harness is going to be higher and we would advise you to bring in your old harness and have it repaired and oiled at once.

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear. A little zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions and makes the skin soft, smooth and healthy. The E. W. Rose Co., Cleveland, O.

In addition to the annual installation of officers at the meeting of the Women's Relief Corps which was held in the G. A. R. room at the court house yesterday afternoon, a social feature was added. Following the business meeting and installation, a delicious pitch-in supper

was served which each of the ladies had had a part in providing. Twenty-nine guests were entertained.

The 1918 officers which were installed at the meeting yesterday were: president, Mrs. Eva Offutt; senior vice-president, Mrs. Nanny Goodin; junior vice-president, Mrs. Belle Smith; secretary, Mrs. Pearl Dye; treasurer, Mrs. Edna Dagler; chaplain, Mrs. Margaret Brown; conductress, Mrs. Alice Denny; assistant, Mrs. Redenbaugh; guard Mrs. Laura Phillips; assistant, Mrs. Rebecca Sparks; patriotic instructor, Mrs. William Young; musician, Mrs. Zelpha Morgan; press correspondent, Mrs. Pheobe Phillips; color bearers, Miss Anna Gilson, Mrs. Mary Sampson, Mrs. Matilda Worth and Mrs. Ellen Wolting.

One of the most novel social affairs given recently was the "penny card party" for which the members of the Immaculata sodality of St. Mary's Catholic church were hostesses in the Knights of Columbus club rooms last night.

Guests for seventeen tables were entertained and were charged a penny for each game played. Following ten games a penny lunch was served and the prizes for the games were awarded to Miss Anna Geraghty and William Regan.

The affair last night was one of a series to be given by the members of the sodality as a money making plan to take the place of the bazaar which for a number of years had been an annual event.

Doing war relief work will be one of the chief aims of the Aid society of the First Baptist church as laid down at yesterday's meeting when the plan of work for the year 1918 was outlined.

The meeting was held in the parlors of the church and following the regular business meeting, when the newly elected officers were installed,

the society spent the afternoon sewing for the Red Cross. The officers who were installed at yesterday's meeting which was the first of the new year were: president, Mrs. B. F. Reynolds; vice-president, Mrs. E. E. Perin; secretary, Mrs. Clifford Steffy; treasurer, Mrs. Henry Alsop. The next meeting will be held in two weeks.

A pleasant meeting of the Young Peoples Christian Union of the United Presbyterian church was held last night at the home of Ota, Perry and Miss Alta Hoekersmith in North Arthur street. Following a short business session the evening was spent socially and light refreshments were served.

The guests included Misses Irene Ellingwood, Ethel Ellingwood, May Cheek, Marie Taylor, Edna McGuire, Ruby Sterrett, Stella Offutt, Goldie Cheek, Hazel Taylor, Mrs. Hoekersmith, Mr. and Mrs. William Taylor, Rev. John T. Aiken, Byron Wainwright, Robert Dudgeon and Glen Woods.

Miss Florence Elliott was elected president of the Young Woman's Missionary society of the United Presbyterian church at the initial meeting of the year which was held yesterday at the home of Mrs. Harry Kramer in West Third street.

The other officers for 1918, include Mrs. William Edwards, vice-president; Mrs. Harry Kramer secretary and treasurer. The outgoing

officers were: president, Mrs. James Hall; vice-president, Mrs. William Edwards and secretary-treasurer, Miss Florence Elliott. The next meeting will be held Wednesday February 13 at the home of Mrs. Hal Pike.

Mrs. Roy H. Jones entertained the members of the Band of Workers of the First Presbyterian church at her home in North Perkins street yesterday afternoon. A short business meeting was held.

ARE DRAMATISTS

Silas Marner Arranged in 3 Acts
and Reproduced by Students to
Entertain Classmen

ORGANIZES LITERARY CLASS

Boys Receive Certificates for Y. M.
C. A. Pledge Payment to Red
Triangular Division

The sophomore class in high school has been studying Silas Marner as the classic for their term's work. For the composition work the class was asked to dramatize the book and arrange the work in three acts. The best productions were then assigned for reproduction. The class has two sections of about twenty each. The sections gave the play during the class hour inviting the other section as an audience. Members of the junior class who could do so without missing recitations were invited as spectators.

This method of studying brought out the meaning of the story, gave practical constructive composition writing, and also gave an opportunity for a display of ability to develop the dramatic powers of the pupils. The bill of the play is as follows:

Act I—Rainbow—the ale house of Raveloe.

Act II—Scene 1, Marner's Cabin. Scene 2—New Year's Party at Cass.

Act III—(Sixteen years later) Marner's Cabin.

Caste of Characters

Silas Marner (the miser)—Merle Winkler.

Eppie (the foundling)—Jean Sparks
Dolly Winthrop (good, helpful)—Stella Offutt.

Aaron Winthrop (Eppie's lover)—George Poston.

Godfrey (elder son of Squire)—Claude Wright.

Dunstan Cass (reprobate)—Forrest Moore.

Squire Cass (Hoot of Red House)—Josephine Scholl.

Dr. Kimble—Marie Taylor.

Mr. Snell (keeper of the Rainbow)—Leonard Moore.

Mr. Tookey (psalmist)—Mary Lou Wyatt.

Mr. Macy (story teller)—Cordelia Brown.

Mr. Winthrop (grumbler)—Mildred Oneal.

Jem Rodney—Elizabeth Pierson.

The Butcher—Helen Thomas.

The Farmer—Reba Beale.

Priscilla (sister of Macy)—Josephine Junkin.

Nancy Cass (Godfrey's wife, prudish)—Hazel Risk.

The students entered heartily into the production which was given in the regular class room and was in fact a part of the regular work.

Mrs. Mary Moses Glessner has organized her two sections of freshman English classes into a literary society which will meet every two weeks. The work will take the place of one recitation period and will thus become a part of the students required work.

The first meeting was held Jan. 4. At this meeting the pupils elected officers which resulted as follows: president, Harold Miller; vice-president, Florence Fleehart; secretary, Louis Smith.

Two persons are appointed as critics for each meeting. The teacher appoints these and they are unknown to the pupils. The program committee is composed of the vice-president and two others appointed for each meeting.

The program at the first meeting was mainly along the line of parliamentary law and similar topics. There will be a roll call at each meeting and the students will answer by repeating some quotation.

The next meeting will take place on Jan. 18 at which time the birthdays of Franklin and Webster will be celebrated. Franklin's birthday is Jan. 17 and Webster's Jan. 18.

This plan is very commendable as it gives a variety of the English work and at the same time gives a training very much needed. All of the pupils get the benefit and it does not require extra meetings at which often many pupils can not attend.

Two boys have received certificate of completion of the payment of the \$10 pledged to the Red Triangle division of the Y. M. C. A. Million Dollar War Fund since the last report. They are Raymond Clarkson and Carl B. Johnson.

The First Installment of Taxes must be paid on or before the
FIRST MONDAY IN MAY, 1918
or both installments will become delinquent and subject to a penalty.

The Second Installment must be paid on or before the
FIRST MONDAY IN NOVEMBER, 1918.

No tax receipts will be held out until taxes are paid in full.

Extracts From the Statutes of Indiana.

That each person or taxpayer charged with taxes on a duplicate in the hands of a County Treasurer may pay the full amount of such taxes on or before the first Monday in May, or may at his option, pay one-half thereof on or before the first Monday in May, and the remaining half on or before the first Monday in November, in the manner prescribed by law. All road taxes to be added to the first installment.

When the first installment is not paid prior to the first Monday in May, the taxes for the whole year become delinquent.

The Treasurer will not be responsible for the penalty and charges on Delinquent Taxes resulting from any omission of the person paying to state definitely on what property, in whose name and in what township or corporation it was assessed.

Persons owing Delinquent Taxes should pay them at once. The late law is of such character that there is no option left the Treasurer but to enforce the collection of delinquent taxes, however much he may regret to collect the same, by sale of property.

The owner of the property on the first day of March in any year, shall be liable for the payment of all taxes of that year. The purchaser of property on the first day of March shall be considered as owner on that day.—Sec. 198.

All property, both personal and real, situated in any county, shall be liable for the taxes, penalties, interests, and costs to the owners thereof, in such county, and no partial payment of such taxes, penalties, interests or costs shall discharge or release any part or portion of such property until the whole be paid; which lien shall in no wise be affected or destroyed by any sale or transfer of any such personal property.—Sec. 664, R. S.

The Treasurer has no option in rebating the penalty on taxes allowed to go delinquent. Taxpayers are particularly notified that all Road Tax is due and payable with the first installment. No County Order will be paid to persons owing delinquent taxes and all parties are warned against buying the same.

The Annual Sale of Delinquent Lands and Lots will take place on the Second Monday in February, 1918.

PARTICULAR ATTENTION

TAXPAYERS SHOULD EXAMINE THEIR RECEIPTS before leaving the Treasurer's Office, and see that they are correct. Those who have lands or other property in more than one township, must see that they have a receipt for all.

Rushville, Indiana, January 1st, 1918.

J. O. WILLIAMS,
Treasurer of Rush County.

AUDITOR'S SPECIAL NOTICE

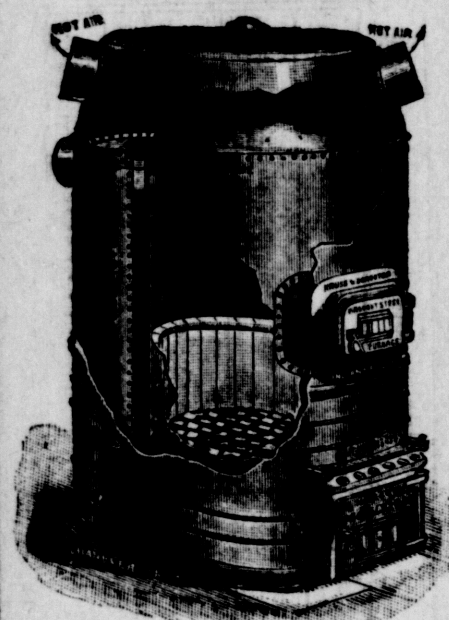

Parties having School Fund Loans on which interest is delinquent will please give the payment of said interest their attention before March 1st, as the law requires the prompt collection of said interest.

W. H. McMILLIN, Auditor Rush County, Ind.

**INCOME TAX MAN

**He'll Get You If You Don't Watch
out So It's Best to Be Ready
for Him**

FIND HIM AT THE POSTOFFICE

**Taxpayers Duty to Look Him up and
Learn Whether He Has to Pay
Income Tax**

While in the past the local post-office has supplied in a greater or less degree the treasury department form for the return of personal income tax (Form 1040) this service, which was wholly voluntary on the part of the postoffice, will be less necessary this year than before. This is for the reason that Collector of Internal Revenue Krueyer of this district has engaged to send an agent of his office to Rushville who will remain here from February 1 to February 16 inclusive. He will be provided with all forms necessary in making personal and corporation returns, will lend assistance in making out such returns and will be prepared to give any information desired to those seeking it. He will have office room at the postoffice. His service is offered to the entire county.

It is made plain that it is the duty of the taxpayer under law to go to the government, not the government's business to seek the taxpayer. It will be wise, therefore, for every person in the county who has reason to believe that he is subject to the income tax to seek this agent within the time mentioned. He will be in his office every day and will not return after the expiration of the time mentioned.

It should be borne in mind that the new war-revenue act extends the income tax to include all married persons having a net income of \$2,000 or more and all unmarried persons having a net income of \$1,000 or more for the year 1917.

"Net" income is the amount left after subtracting expenses (but not family expense of living, money used

to pay off the principal of a mortgage, new machinery, building or improvements) from the gross income. If the remainder is \$2,000 in the case of a married person or \$1,000 in the case of an unmarried person, of either sex, then such person must make return of income and pay tax. If one fails to make such report one becomes liable to penalties of from \$20.00 to \$1,000 to which may be added imprisonment. One must report his income for 1917 before March 1, 1918, or subject himself to the penalties mentioned.

For the reasons indicated it is of the utmost importance that all prospective taxpayers—farmers, professional men, men on salaries or wage in excess of \$1,000 if single or \$2,000 if married tradesman, contractors and others—take advantage of the visit of the agent of the internal revenue collector's office to Rushville between February 1 and February 16, inclusive. The earlier the call is made the better. The agent will make no charge for his services and will freely give all aid within his power.

Indianapolis, Ind., Jan. 9.—Indiana public eating houses saved approximately one-third more meat and fully twice the volume of wheat during the first month of meatless and wheatless days although of much less population as compared with Ohio, during the first month of the meatless and wheatless days. This statement is based upon figures reported to the Food Administration of two states, to the National Administration of Washington.

NO SUFFERING AMONG MEN

Hattiesburg, Miss., Jan. 10.—Although it was not necessary for Maj. General Sage to commandeer military garments in clothing stores in Hattiesburg to keep the Camp Shelby soldiers warm during the terrible cold snap of the last few days many

of the men took it upon themselves to commandeer heavy underwear and overcoats.

While there may be some men at Camp Shelby who are without heavy overcoats the situation is not as bad as in many of the other National Guard Camps. There were no deaths or severe suffering among the men during the cold spell as was reported in other camps.

Practically every store in Hattiesburg has exhausted its supply of heavy underwear during the last few days, as the soldiers have been buying them right and left. Thousands of the men sent orders to the department stores in New Orleans for heavy under garments.

Amusements

"Within the Law," now being presented at the Princess theatre, answers the question so often asked by the average layman: "How does he do it and keep out of jail?"

The answer is plain. A clever lawyer can outline some procedure ordinarily criminal, but when surrounded by legal technique, absolutely proof against criminal procedure.

Alice Joyce, the Vitagraph star, in the role of Mary Turner, the shop girl, proves the case. She had been sent to prison for a term of three years for a department store theft of which she was innocent. While serving her sentence she studies law. She discovers that she can do many things, absolutely criminal, if she hides behind the skirt of legal procedure.

From an outlaw with a price on his head, to a 100 per cent citizen is the character portrayed by Dustin Farnum, famous star of stage and screen, in the latest William Fox

FORECASTS GERMAN ASSAULT IN WEST

Secretary of War Baker in Weekly Review Says Gigantic Thrust is Impending

ENEMY TO STRAIN SELVES

(By United Press.)

Washington, Jan. 9.—A gigantic German thrust "on the west front," possibly their greatest assault during the war, is impending, Secretary of War Baker declared in his weekly military review.

"In the great battle the Germans," Baker said, "may be counted upon to strain every fiber of their strength in an endeavor to make the plan succeed."

The delay in the assault has been due to the time necessary for concentration of large troop masses, adequate artillery and ample reserve of munitions, Baker said.

"He counseled the American people on the eve of a possible German assault to recall that the allies in the past have always come out victorious."

photoplay, "Durand of the Bad Lands," to be shown at the Gem theatre this evening.

In this screen drama, Mr. Farnum shows all the virile energy for which he is so well known. His portrayal of the bad side of Dick Durand's character is the best he has done and he shows the man's softer, nobler instincts with that carefree, rollicking, laughing disposition that has made him a favorite wherever he has appeared.

Among the impending joys of the theatrical season in Indianapolis is the fact that Victor Herbert and Henry Blossom's greatest work, the romantic comic opera entitled "Eileen" fresh from a season of continual triumph, at the Shubert Theatre, New York will be the attraction at the Murat Theatre, Thursday, Friday and Saturday commencing January 17th, and the usual Saturday matinee, and it will be presented with the entire original company, the principals and chorus of which number over one hundred persons.

This charming musical work which is said to excel any of the other compositions of the gifted composer, represents his lifelong desire to write an opera which has to do with Ireland's history, and that he regards "Eileen" with more affection than any other score he has ever written.

As has been so often the case, Henry Blossom a practiced and responsive co-worker, is again Victor Herbert librettist, as it was he who shaped out the play, wrote the text and rhymed the voices of "Eileen." Its action passes in the Ireland of 1798, in the midst of the historic rebellion against English oppression. Its story concerns a young patriot who risks all for freedom, wins battles, courts ladies, defies prison walls and carries manifold adventures with so high a hand that even an English King may not do less than pardon him—all of which is a prelude to other and more sentimental happiness. The scenes in "Eileen" are pictorial and animated, its action swift, romantic and merry. While its music is said to be Victor Herbert at his very best.

Joe Weber the producer of "Eileen" has not been sparing in the requirements of performance. He has assembled a large company which includes Walter Scanlon, Olga Roller, Louise Allen, Adele Hassen, Josie Claffin, Stanley C. Ridges, Edward Martindal, G. Oliver Smith, John B. Cooke and a large chorus which has been selected for singing as well as for looks.

The Murat Theatre agent in this city is Hargrove and Mullin's drug store.

JOHN GORDON IS KILLED BY TRAIN

Returning From School House Where
He Had Taken Children, Is
Struck By Freight at Gings

IS BROUGHT TO THIS CITY

Widow, Four Children, One Brother
And Sister Survive Mr. Gordon
—Funeral on Saturday

John Gordon was killed instantly this morning when a southbound Pennsylvania freight train struck the closed buggy in which he was driving through Gings station, shattering the buggy to bits and carrying Mr. Gordon for a distance of 300 feet on the front of the engine before the engineer could stop the train. Mr. Gordon's head was badly crushed, but he sustained no injuries on his body. The accident occurred about eight o'clock this morning.

Returning from the school house north of Gings where Mr. Gordon was in the habit of taking his son, Clyde and Ruth and Mildred Billings to school, he had reached the corner in Gings where a view of the approaching train was hid by a store on the east side of the road. There is a slight jog in the road there, making it impossible to see down the track and being in a closed buggy, it was evidently impossible for Mr. Gordon to hear the freight train. As he turned to go west, for it is thought his intention was to go to the blacksmith shop, the train hit the buggy. The horse ran off and was uninjured, but the buggy was torn to bits.

As soon as the train could be stopped, the dying man was taken inside and brought to this city. The train was held here until Coroner Green made his report.

It will be remembered that Mr. Gordon was the victim of a serious accident about two years ago when he fell from a silo 32 feet high. He but had recovered from his injuries lately.

Mr. Gordon was a well known man in the county. He was a member of the Plum Creek Christian church and lived on a farm near Gings. Mr. Gordon leaves a wife, two sons, Elbert and Clyde Gordon, two daughters, Mrs. Homer Hall and Mrs. Luther Nixon, one brother, Will Gordon of Yorktown, and one sister, Miss Mary Gordon of this city.

The funeral services will be held on Saturday afternoon at the Raleigh Christian church at one o'clock with burial in the Raleigh cemetery. They will probably be conducted by the Rev. L. E. Murray of Richmond.

NO STUDENTS IN ONE GERMAN CLASS

Language as High School Study Is
Apparently on Its Last Legs—
Classes Reduced

MUCH SENTIMENT AGAINST IT

The German language as a high school study here, is on its last legs. During the spring semester of last year the size of the class was much smaller than formerly and with the size of the classes this year so greatly decreased, there will be no B 1 German class when the new semester opens next month.

Those who have already begun the study will be allowed to pursue the language until they complete their course for no other purpose, however, than to receive their credits.

This move is taken because of the widespread sentiment among pupils and parents against teaching an alien enemy language in the public schools. Miss Mary Williams, teacher of the German language, has been informed that the German language

Residents of That Community
Wednesday Night

SECOND ONE IN THREE WEEKS

An aeroplane passed over Orange township last night shortly after seven o'clock, traveling in a north-western path. Although the machine was flying at a high altitude the noise of the engine could be plainly heard and the lights attached to it made it distinctly visible to the residents of that vicinity who had been attracted by the purr of the motor.

This is the second machine which has passed over Orange township within the past three weeks and it is believed that the machines were en route from the Dayton training field to the training school at Rantoul, Illinois, but had turned slightly out of the path.

ORCHESTRA MAKES FIRST APPEARANCE

High School Musical Organization,
Under Direction of C. E. Parke,

The high school orchestra made its first public appearance this morning when under the leadership of C. E. Parke, musical instructor, a program was given before the high school.

The newly organized orchestra is composed of thirteen high school students and during the recent weeks have worked together with such diligence that they have succeeded in completing a musical organization of which the school is justly proud. During the remainder of the school year the orchestra will furnish the music at all of the school events and is also practicing on musical programs to be given at other public affairs.

The program given this morning before the high school was composed of selections from the opera, "Oh Boy," after which the "National Anthem" was played as a closing number. The members of the orchestra are: first violins, Janet Dean, Mary Louise Wyatt, Lois Reeve; mandolins, Florence Fleehart and Frances Bowen; second violin, Mae Taylor, Richard Noyer and Muri Mills; clarinet, James Caldwell; first cornet, George Liddle; second cornet, Robert Noyer; drums, Cyril Arbuckle; piano, Marjorie Thomas.

SECRETARY OF WAR REPLIES TO CRITICS

Baker Says No Army of Similar
Size Has Been Raised so Quick-
ly in World's History

BEFORE SENATE PROBES

Declares it Was Better to Take Time
and Get The Best
Rifle

(By United Press.)

Washington, Jan. 10.—"No army of similar size in the history of the world has ever been raised, equipped or trained so quickly as the present American army," Secretary of War Baker today told senate military probers investigating his department.

Pointing to the fact that in nine months all branches of the army have grown from 9,562 officers to 110,856 officers and from 202,510 men to 1,428,650 men, he answered his critics with a broad outline of work accomplished, a work which he held showed "the splendid effectiveness of the American people."

These accomplishments, he said, are such as to depress German morale, "when the Germans realize that the American democracy has neither blundered nor hesitated, but has placed the full powers of its men and resources into completely organized strength against their military machine."

Answering criticism of his department Baker concentrated the position of the United States after war was declared with that of England.

"Remember that 8 months" after the war broke out Kitchener's army was still drilling with walking sticks," he said. He declared that considering the magnitude of America's problem and her lack of preparedness program the war department accomplishment should be looked on with pride, not condemnation.

Chamberlain began questioning Baker about the methods of the ordnance department when the war secretary had completed his statements.

In defending the ordnance department from charges that unnecessary delay was caused in making changes in the rifles, Baker stated that it was better "to take our time and get the best."

"The war was three thousand miles from our shores," said Baker. He stated that in Europe the enemy was at their door and they did not have time to devise a better rifle.

LEGAL BOARD TO FINISH ITS WORK

All But Approximately 200 Ques-
tionnaires Returned to County
Army Board up to Today

MEDICAL BOARD REPORTS

Places Two Men in Class One, Holds
Four For Limited Service and
Rejects Five

The names of registrants classified by the local board yesterday and those called for examination next Wednesday, Jan. 16 will be found on page four of today's issue.

All but approximately two hundred of the questionnaires had been returned filled out to the county army selection board this morning and indications were that the request of the legal advisory board that they all be turned in this week will be met. The advisory board and associate members, which is composed for the most part of attorneys is anxious to complete its part of the work this week so that court may be resumed next Monday. There has been practically nothing done in court since December 17. Questionnaires have been returned lately at the rate of 70 a day.

The army selection board today notified twenty more registrants to appear for medical examination next Wednesday. Twenty have already been ordered for Tuesday. Horace Jones, who failed to appear for examination Tuesday as ordered, arrived here today and notified this afternoon. The physical examination of Sam Yankuner was transferred to the Jennings county, Ind. board.

All registrants thus far given the medical examination have been definitely classified, since the medical advisory board, to which several cases were appealed or sent, made a report yesterday evening. The advisory board rejected five, passed two and held four for limited service. Definite rulings were made on the two whose status was undetermined yesterday, one being rejected and the other passed.

Three of the four held for limited service were placed in this division because of physical unfitness for full military service. Dr. W. S. Coleman, physician member of the army selection board, was upheld in all three cases. The fourth man in this class—Harold E. Ratliff—claimed this class because of belonging to a religious organization opposed to war.

PICHON TO OUTLINE FRANCE'S WAR AIMS

Minister of Foreign Affairs Will
State Only Terms of Peace
She Will Consider

TRIBUTE IS PAID TO WILSON

(By United Press.)

Paris, Jan. 10.—Minister of foreign affairs Pichon this afternoon or tomorrow will speak in the chamber of deputies outlining France's war aims, according to information today.

It was stated that the foreign ministers would tell the aims France has in continuing the war and the only terms of peace she will consider.

At the opening of the session of the chamber of deputies today, deputy Desbordes speaking, said in the name of the deputies that the chamber would support the restitution of Alsace-Lorraine and sustain the armies in the field to the end.

Amid a storm of applause he paid tribute to President Wilson's speech.

RUSSIA AND BULGARIA IN SEPARATE PEACE

Announcement is Contained in Quo-
tations From Bulgarian Pre-
mier's Speech

URKANIA AND RUSSIA JOIN

Berne, Jan. 10.—Dispatches declared today that a separate peace between Russia and Bulgaria had been signed.

The announcement was contained in a quotation from a speech delivered by the Bulgarian premier. He read a telegram from Brest-Litovsk declaring: "The war between Russia and Bulgaria ceases. Economic relations will be resumed."

Petrograd, Jan. 10.—Ukrania and Russia have joined hands in the peace negotiations with Germany.

Dispatches from Brest-Litovsk today expressed firm conviction that with a united front showed by all Russian delegates the Russian plan for transfer of peace negotiations to neutral soil would be forced on the Germans.

Telegrams reported indication of satisfactory conclusion being reached as to transfers of the peace negotiations.

Rome, Jan. 10.—President Wilson's war aims, if enforced literally will mean indefinite prolongation of the war, instead of early peace according to interpretation of vatican officials it was learned through official sources today. They feel that the program enunciated by the president is one which the allies know Germany cannot and will not accept.

A marriage license has been issued to Miss Leland McArthur daughter of Mr. and Mrs. Thamer McArthur of this county and Chester N. Stevens of this county, son of Mr. and Mrs. Ben Stevens of New Castle.

RED CROSS IN SECOND PLACE

Report at Meeting of Executive
Committee Discloses Only Put-
nam Defeated Rush

IN THE MEMBERSHIP DRIVE

Encouraging Reports Are Made,
Showing Immense Amount of
Work Accomplished Here

The standing of the Rush county chapter of Red Cross was evidenced at the meeting of the executive committee of the chapter held at the headquarters last evening by the announcement of the fact that Rush county stands second in the state in membership since the recent membership drive and by the very encouraging reports given by the heads of the departments as to the amount of work that had been accomplished in the making of hospital supplies, surgical dressings, knitted goods, and by the financial report.

The only county standing above Rush county in percentage of members to population is Putnam county and Huntington county is third. For a time it was feared that Huntington would stand above Rush county but the statistics as to the result of the drive showed the local chapter to have the honor of being second. Some individual chapters, such as Rosedale, may have a better record for one town alone than does Rushville, but standing as a county, no county in the state with the exception of Putnam can boast of such a membership per capita as does Rush county.

The memberships to be given to the school children of the city for which \$350 was raised during the membership drive, were discussed at last night's meeting. Lists have been handed in from the schools giving the names of children that might be worthy to be given a Red Cross membership and a committee composed of George C. Wyatt, Miss Anna Bohannon and Miss Henrietta Coleman was appointed to complete the school membership work.

Yarn in the future will be given out by Red Cross for socks only. It was decided at the meeting last evening that socks would be the most practical of the knitted articles now because by the time the yarn was procured, was knitted into sweaters, scarfs and wristlets and shipped to France, the warmer weather would have arrived. A shipment of yarn will be distributed in the near future and further announcement will be made later as to the time it will be given out to the knitters.

The idea of a night bandage class for Red Cross has been warmly received; for last night 38 women attended the first meeting of the class the court house and 275 compresses were completely finished ready for shipment. The class was composed of women and girls who work in the day time. Many school teachers are in the class. If the class continues to be so well attended and more join, another one will be started for some other night during the week to accommodate the members. At present, however, the class will meet on every Wednesday evening, beginning at 7 o'clock in the court house. The work is urgent and ages are badly needed and women and girls who can not attend during the day time are urged to co-operate in making this new branch of Red Cross a success.

WOMAN PLEADS FOR VOTE

Washington, Jan. 10.—A woman, Jeanette Rankin, pleading for equal rights for women, was the measure today before the senate in the House which was expected to be passed before the end of the session. The measure is known as the "Cady-Kelley bill" and is a bill to amend the constitution to give women the right to vote.

DON'T SUFFER WITH NEURALGIA
Use Soothing Musterole
When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.
Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.
Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet — colds of the chest (it often prevents pneumonia). It is always dependable.

The War Comes First

The demand of the day is that every American citizen and every American institution shall co-operate in the one great task of winning the war. Next to placing trained and equipped men on the firing line, our greatest need is service in productive industry. That is the end which every person knows to be desirable, but there is a difference of opinion as to the means by which this end shall be accomplished. Most enterprises and most individuals have subordinated everything else to war needs. One exception to this rule is the national head of our educational system. The Commissioner of Education asserts that maintenance of school attendance is of great importance. In this he is wrong. It has also been suggested that in order to save coal, the schools be dismissed during one or two months of the winter and continued in a corresponding time in the summer, when there will be great need of help of young people in planting, cultivating and harvesting the crops. One cannot help but admire the enthusiasm with which the educational leaders regard the work in which they are engaged, but they must get into harmony with the prevailing sentiment of the country, that all else must be subordinated to the winning of the war. Let us close the schools, or graduate classes early, or take any other step dictated by the needs of each community. Speed the war.

Ex-Czar Nicholas is said to have escaped from Siberia. Interesting developments are possible should he decide to make an effort to regain his lost crown.

"A war comet" is coming this way at the rate of 1,134,246 miles a day. At that it can't equal the speed with which autocracy is rushing to its doom.

A Russian writer claims his people are the most civilized on earth. The manufacturers of safety razors can disprove his claim.

The food hog has given place to the food hoarder. Dig him out and pen him.

HE CURED CHRONIC COLD WITH VINOL

Mr. Bagley's Letter Printed Here as Proof

Dunn, N. C.—"I suffered with a chronic cold for four months, coughed day and night. Had to keep on working when I was not able to. I saw Vinol advertised and tried it, and I want to tell you it cured that cold in a short time."—N. C. Bagley.

There is no cure for a chronic cold, but Vinol is a powerful remedy which dissolves the mucus in the throat and creates a new lining of blood and creates a new lining of blood and creates a new lining of blood.

Woman Does Her Own Work Now

Doesn't Need Help Since Tanlac Built Up Her Run Down System.

"My system was run down and I felt so weak that I had to have help to do my housework but since I've been taking Tanlac I've got back my strength and can do all my housework myself," said Mrs. Pearl Hammock, 1616 Halford street, Anderson, Ind.

"I often had nervous chills. My heart would beat violently and I'd have to be quiet for a long time. I couldn't sleep soundly at night and lots of times I got out of bed and sat in a chair for a while.

"My stomach was out of order, too, and my appetite was poor.

"I read a lot about Tanlac and finally tried it. It just seemed to build me right up. I got my appetite in just a short time, and it wasn't long until those chills I had had disappeared.

"I'm strong enough to do all my housework and I don't have to keep help and I give Tanlac credit of it all."

If you are not feeling right take Tanlac and get your system back in shape. Tanlac will improve your health as it has done for thousands of other run-down men and women. You can get Tanlac at F. E. Wolcott's drug store or any other good drug store.—Adv.

Effective Horse Power

Perhaps you don't know that your horse is losing a large per cent of his power through poor harness. It's a fact though. Broken harness often causes runaways, and they often result fatally to the driver or animal. We have employed BOB WILLIAMSON, who is an expert harness man in every respect and can take care of any kind of repairing on your harness that is necessary. Harness is going to be higher and we would advise you to bring in your old harness and have it repaired and oiled at once.

When Itching Stops

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin. It is a little zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions and makes the skin soft, smooth and healthy. The E. W. Rose Co., Cleveland, O.

In addition to the annual installation of officers at the meeting of the Women's Relief Corps which was held in the G. A. R. room at the court house yesterday afternoon, a social feature was added. Following the business meeting and installation, a delicious pitch-in supper

was served which each of the ladies had had a part in providing. Twenty-nine guests were entertained. The 1918 officers, which were installed at the meeting yesterday were: president, Mrs. Eva Offutt; senior vice-president, Mrs. Nanny Goodin; junior vice-president, Mrs. Belle Smith; secretary, Mrs. Pearl Dye; treasurer, Mrs. Edna Dagler; chaplain, Mrs. Margaret Brown; conductress, Mrs. Alice Denny; assistant, Mrs. Redenbaugh; guard Mrs. Laura Phillips; assistant, Mrs. Rebecca Sparks; patriotic instructor, Mrs. William Young; musician, Mrs. Zephra Morgan; press correspondent, Mrs. Phoebe Phillips; color bearers, Miss Anna Gilson, Mrs. Mary Sampson, Mrs. Matilda Worth and Mrs. Ellen Wolting.

One of the most novel social affairs given recently was the "penny card party" for which the members of the Immaculata sodality of St. Mary's Catholic church, were hostesses in the Knights of Columbus club rooms last night.

Guests for seventeen tables were entertained and were charged a penny for each game played. Following ten games a penny lunch was served and the prizes for the games were awarded to Miss Anna Geraghty and William Regan.

The affair last night was one of a series to be given by the members of the sodality as a money making plan to take the place of the bazaar which for a number of years had been an annual event.

Doing war relief work will be one of the chief aims of the Aid society of the First Baptist church as laid down at yesterday's meeting when the plan of work for the year 1918 was outlined.

The meeting was held in the parlors of the church and following the regular business meeting, when the newly elected officers were installed,

the society spent the afternoon serving for the Red Cross. The officers who were installed at yesterday's meeting which was the first of the new year were: president, Mrs. R. F. Reynolds; vice-president, Mrs. E. E. Perin; secretary, Mrs. Clifford Steffy; treasurer, Mrs. Henry Alsop.

The next meeting will be held in two weeks.

A pleasant meeting of the Young Peoples Christian Union of the United Presbyterian church was held last night at the home of Ota, Perry and Miss Alta Hockersmith in North Arthur street. Following a short business session the evening was spent socially and light refreshments were served.

The guests included Misses Irene Ellingwood, Ethel Ellingwood, May Cheek, Marie Taylor, Edna McGuire, Ruby Sterrett, Stella Offutt, Goldie Cheek, Hazel Taylor, Mrs. Hockersmith, Mr. and Mrs. William Taylor, Rev. John T. Aiken, Byron Wainwright, Robert Dudgeon and Glen Woods.

Miss Florence Elliott was elected president of the Young Woman's Missionary society of the United Presbyterian church at the initial meeting of the year which was held yesterday at the home of Mrs. Harry Kramer in West Third street.

The other officers for 1918, include Mrs. William Edwards, vice-president; Mrs. Harry Kramer secretary and treasurer. The outgoing

NEVER IN THE WORLD COULD I BELIEVE IT.

This Lady Was Told by Many That Pepsinco Would Help Her, But She Just Would Not Believe it.

Mrs. G. wasn't sick, but she had the same trouble after every meal. Heavy load, pain, bloating and sourness. The condition would pass off in time, but she really dreaded her meals. She often read of Pepsinco, and often heard of it, but never gave it enough thought to stop at the drug store and get a package, until a druggist gave her a small sample.

Mrs. G. now recommends Pepsinco to everyone she meets who complains of feeling bad. Never has Pepsinco had as good a booster as this lady since she discovered how good it really is.

Pepsinco is made to help all bad conditions of the stomach. It never fails. It is sold and recommended by all druggists. Positively guaranteed.

officers were: president, Mrs. James Hall; vice-president, Mrs. William Edwards; and secretary-treasurer, Miss Florence Elliott. The next meeting will be held Wednesday February 13, at the home of Mrs. Hal Pike.

Mrs. Roy H. Jones entertained the members of the Band of Workers of the First Presbyterian church at her home in North Perkins street yesterday afternoon. A short business meeting was held.

The sophomore class in high school has been studying Silas Marner as the classic for their term's work. For the composition work the class was asked to dramatize the book and arrange the work in three acts. The best productions were then assigned for reproduction. The class has two sections of about twenty each. The sections gave the play during the class hour inviting the other section as an audience. Members of the junior class who could do so without missing recitations were invited as spectators.

This method of studying brought out the meaning of the story, gave practical constructive composition writing, and also gave an opportunity for a display of ability to develop the dramatic powers of the pupils. The bill of the play is as follows:

Act I—Rainbow—the ale house of Raveloe.

Act II—Scene 1, Marner's Cabin. Scene 2—New Year's Party at Cass.

Act III—(Sixteen years later) Marner's Cabin.

Cast of Characters
Silas Marner (the miser)—Merle Winkler.

Eppie (the foundling)—Jean Sparks
Dolly Winthrop (good, helpful)—Stella Offutt.

Aaron Winthrop (Eppie's lover)—George Poston.

Godfrey (elder son of Squire)—Claude Wright.

Dunstan Cass (reprobate)—Forrest Moore.

Squire Cass (Hoot of Red House)—Josephine Scholl.

Dr. Kimble—Marie Taylor.

Mr. Snell (keeper of the Rainbow)—Leonard Moore.

Mr. Tooker (psalmdist)—Mary Lou Wyatt.

Mr. Macy (story teller)—Cordelia Brown.

Mr. Winthrop (grumbler)—Mildred Oneal.

Jem Rodney—Elizabeth Pierson.

The Butcher—Helen Thomas.

The Farmer—Reba Beale.

Priscilla (sister of Macy)—Josephine Junkin.

Nancy Cass (Godfrey's wife, prudish)—Hazel Risk.

The students entered heartily into the production which was given in the regular class room and was in fact a part of the regular work.

Mrs. Mary Moses Glessner has organized her two sections of freshman English classes into a literary society which will meet every two weeks. The work will take the place of one recitation period and will thus become a part of the students required work.

The first meeting was held Jan. 4. At this meeting the pupils elected officers which resulted as follows: president, Harold Miller; vice-president, Florence Flechart; secretary, Louis Smith.

Two persons are appointed as critics for each meeting. The teacher appoints these and they are unknown to the pupils. The program committee is composed of the vice-president and two others appointed for each meeting.

The program at the first meeting was mainly along the line of parliamentary law and similar topics. There will be a roll call at each meeting and the students will answer by repeating some quotation.

The next meeting will take place on Jan. 18 at which time the birthdays of Franklin and Webster will be celebrated. Franklin's birthday is Jan. 17 and Webster's Jan. 18.

The plan is very commendable as it gives a variety of the English work and at the same time gives a training very much needed. All of the pupils get the benefit and it does not require extra meetings at which often many pupils can not attend.

Two boys have received certificate of completion of the payment of the \$10 pledged to the Red Triangular Division of the Y. M. C. A. Mission Department since the last report. They are Raymond Harrison and

or both installments will become delinquent and subject to a penalty.

The Second Installment must be paid on or before the
FIRST MONDAY IN NOVEMBER, 1918.

No tax receipts will be held out until taxes are paid in full.

Extracts From the Statutes of Indiana.

That each person or taxpayer, charged with taxes on a duplicate in the hands of a County Treasurer may pay the full amount of such taxes on or before the first Monday in May, or may at his option, pay one-half thereof on or before the first Monday in May, and the remaining half on or before the first Monday in November, in the manner prescribed by law. All taxes to be added to the first installment. When the first installment is not paid prior to the first Monday in May, the taxes for the whole year become delinquent. The Treasurer will not be responsible for the penalty and charges on delinquent taxes resulting from any omission of the person paying to state definitely on what property, in whose name and in what township or corporation it was assessed. Persons owing delinquent taxes should pay them at once. The late law in of such character that there is no option left the Treasurer but to enforce the collection of delinquent taxes, however much he may regret to collect the same, by sale of property. The owner of the property on the first day of March in any year, shall be liable for the payment of all taxes of that year. The purchaser of property on the first day of March shall be considered as owner on that day.—Sec. 103. All property, both personal and real, situated in any county, shall be liable for the taxes, penalties, interests and costs to the owners thereof, in such county, and no partial payment of such taxes, penalties, interests or costs shall discharge or release any part or portion of such property until the whole be paid, which lien shall in no wise be affected or destroyed by any sale or transfer of any such personal property.—Sec. 544, R. S.

The Treasurer has no option in rebating the penalty on taxes allowed to go delinquent. Taxpayers are particularly notified that all Road Tax is due and payable with the first installment. No County Order will be paid to persons owing delinquent taxes and all parties are warned against buying the same.

The Annual Sale of Delinquent Lands and Lots will take place on the Second Monday in February, 1918.

PARTICULAR ATTENTION

TAXPAYERS SHOULD EXAMINE THEIR RECEIPTS before leaving the Treasurer's Office, and see that they are correct. Those who have lands or other property in more than one township must see that they have a receipt for all.
Rushville, Indiana, January 1st, 1918.

J. O. WILLIAMS,
Treasurer of Rush County.

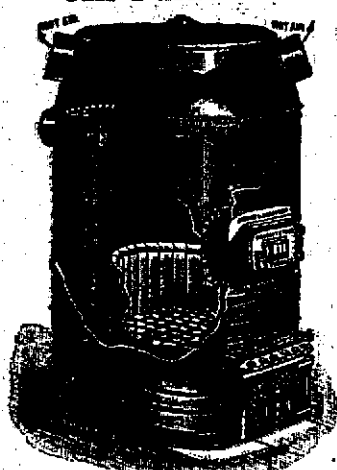

AUDITOR'S SPECIAL NOTICE

Parties having School Fund Loans on which interest is delinquent will please give the payment of said interest their attention before March 1st, as the law requires the prompt collection of said interest.

W. H. McMILLIN, Auditor Rush County, Ind.

INCOME TAX MAN
HERE NEXT MONTH

He'll Get You If You Don't Watch
out So It's Best to be Ready
for Him

FIND HIM AT THE POSTOFFICE

Taxpayers Duty to Look Him up and
Learn Whether He Has to Pay
Income Tax.

While in the past the local post-office has supplied in a greater or less degree the treasury department form for the return of personal income tax (Form 1040) this service, which was wholly voluntary on the part of the postoffice, will be less necessary this year than before. This is for the reason that Collector of Internal Revenue Krayer of this district has engaged to send an agent of his office to Rushville who will remain here from February 1 to February 16 inclusive. He will be provided with all forms necessary in making personal and corporation returns, will lend assistance in making out such returns and will be prepared to give any information desired to those seeking it. He will have office room at the postoffice. His service is offered to the entire county.

It is made plain that it is the duty of the taxpayer under law to go to the government, not the government's business to seek the taxpayer. It will be wise, therefore, for every person in the county who has reason to believe that he is subject to the income tax to seek this agent within the time mentioned. He will be in his office every day and will not return after the expiration of the time mentioned.

It should be borne in mind that the new war-revenue act extends the income tax to include all married persons having a net income of \$2,000 or more and all unmarried persons having a net income of \$1,000 or more for the year 1917.

"Net" income is the amount left after subtracting expenses (but not family expense of living, money used

to pay off the principal of a mortgage, new machinery, building of improvements) from the gross income. If the remainder is \$2,000 in the case of a married person or \$1,000 in the case of an unmarried person, of either sex, then such person must make return of income and pay tax. If one fails to make such report one becomes liable to penalties of from \$20.00 to \$1,000 to which may be added imprisonment. One must report his income for 1917 before March 1, 1918, or subject himself to the penalties mentioned.

For the reasons indicated it is of the utmost importance that all prospective taxpayers—farmers, professional men, men on salaries or wage in excess of \$1,000 if single or \$2,000 if married; tradesman, contractors and others—take advantage of the visit of the agent of the internal revenue collector's office to Rushville between February 1 and February 16, inclusive. The earlier the call is made the better. The agent will make no charge for his services and will freely give all aid within his power.

Public Eating Houses Save Much
Wheat and Meat

Indianapolis, Ind., Jan. 9.—Indiana public eating houses saved approximately one-third more meat and fully twice the volume of wheat during the first month of meatless and wheatless days although of much less population as compared with Ohio, during the first month of the meatless and wheatless days. This statement is based upon figures reported to the Food Administration of two states, to the National Administration of Washington.

NO SUFFERING AMONG MEN

Hattiesburg, Miss., Jan. 10.—Although it was not necessary for Maj. General Sage to commandeer military garments in clothing stores in Hattiesburg to keep the Camp Shelby soldiers warm during the terrible cold snap of the last few days, many

of the men took it upon themselves to commandeer heavy underwear and overcoats.

While there may be some men at Camp Shelby who are without heavy overcoats, the situation is not as bad as in many of the other National Guard Camps. There were no deaths or severe suffering among the men during the cold spell as was reported in other camps.

Practically every store in Hattiesburg has exhausted its supply of heavy underwear during the last few days, as the soldiers have been buying them right and left. Thousands of the men sent orders to the department stores in New Orleans for heavy under garments.

Amusements

"Within the Law," now being presented at the Princess theatre, answers the question so often asked by the average layman: "How does he do it and keep out of jail?"

The answer is plain. A clever lawyer can outline some procedure ordinarily criminal, but when surrounded by legal technique, absolutely proof against criminal procedure.

Alice Joyce, the Vitagraph star, in the role of Mary Turner, the shop girl, proves the case. She had been sent to prison for a term of three years for a department store theft of which she was innocent. While serving her sentence she studies law. She discovers that she can do many things, absolutely criminal, if she hides behind the skirt of legal procedure.

From an outlaw with a price on his head, to a 100 per cent citizen is the character portrayed by Dustin Farnum, famous star of stage and screen, in the latest William Fox

Now comes the plaintiff, by Douglas Morris, his attorney, and files his complaint herein, together with an affidavit that said defendant, Ray Strode is not a resident of the State of Indiana; that said action is for judgment on account and attachment of property of defendant, and that said non-resident defendant is a necessary party thereto.

FORECASTS GERMAN ASSAULT IN WEST

Secretary of War Baker in Weekly Review Says Gigantic Thrust is Impending

ENEMY TO STRAIN SELVES

(By United Press.)

Washington, Jan. 9.—A gigantic German thrust "on the west front," possibly their greatest assault during the war, is impending, Secretary of War Baker declared in his weekly military review.

"In the great battle the Germans," Baker said, "may be counted upon to strain every fiber of their strength in an endeavor to make the plan succeed."

The delay in the assault has been due to the time necessary for concentration of large troop masses, adequate artillery and ample reserve of munitions, Baker said.

"He counseled the American people on the eve of a possible German assault to recall that the allies in the past have always come out victorious."

photoplay, "Durand of the Bad Lands," to be shown at the Gem theatre this evening.

In this screen drama, Mr. Farnum shows all the virile energy for which he is so well known. His portrayal of the bad side of Dick Durand's character is the best he has done and he shows the man's softer, nobler instincts with that carefree, rollicking, laughing disposition that has made him a favorite wherever he has appeared.

Among the impending joys of the theatrical season in Indianapolis is the fact that Victor Herbert and Henry Blossom's greatest work, the romantic comic opera entitled "Eileen" fresh from a season of continual triumph, at the Shubert Theatre, New York will be the attraction at the Murat Theatre, Thursday, Friday and Saturday commencing January 17th, and the usual Saturday matinee, and it will be presented with the entire original company, the principals and chorus of which number over one hundred persons.

This charming musical work which is said to excel any of the other compositions of the gifted composer, represents his lifelong desire to write an opera which has to do with Ireland's history, and that he regards "Eileen" with more affection than any other score he has ever written.

As has been so often the case, Henry Blossom a practiced and responsive co-worker, is again Victor Herbert librettist, as it was he who shaped out the play, wrote the text and rhymed the verses of "Eileen." Its action passes in the Ireland of 1798, in the midst of the historic rebellion against English oppression. Its story concerns a young patriot who risks all for freedom, wins battles, courts ladies, defies prison walls and carries manifold adventures with so high a hand that even an English King may not do less than pardon him—all of which is a prelude to other and more sentimental happiness. The scenes in "Eileen" are pictorial and animated, its action swift, romantic and merry. While its music is said to be Victor Herbert at his very best.

Joe Weber the producer of "Eileen" has not been sparing in the requirements of performance. He has assembled a large company which includes Walter Scanlon, Olga Roller, Louise Allen, Adele Hassen, Josie Chaffin, Stanley C. Ridges, Edward Martindale, G. Oliver Smith, John B. Cooke and a large chorus which has been selected for singing as well as for looks.

The Murat Theatre agent in this city is Hargrove and Mullins drug store.

TODAY'S HOOSIER ODDITY

Columbus, Ind. Jan. 10.—Fifteen years ago, Willard J. Frising, then living near here, seemed some fish. Now that he is studying for the ministry, and requires he isolated the law, he asked the Bartholomew county game warden to prove him and if there is any chance he will pay up. The warden has decided to north and south, and will press no charges.
